

Hello Parents!

I would like to acknowledge the hard work of our seniors that have graduated last year from Monica Math Inc. Our seniors have been accepted into wide array of colleges including Cal Poly, Saint Mary's, Fresno State, Smittcamp Honors College, Brigham Young University, UC Berkeley, UCLA, UC San Diego, UC Santa Barbara and UC Davis. I would like to congratulate those seniors and wish them well on their future endeavors!

I would also like to introduce Suzanne Spradling, an Educational Consultant based in Fresno.

Suzanne Spradling has over 16 years of experience in higher education admissions guiding students and parents, currently working as a personal Educational Consultant for the last 8 years. With a strong focus on Career Exploration, College Admissions, Academic Advising, and Application Development including The Personal Statement, Suzanne offer a family based practice serving high school and community college students.

Suzanne will be at our tutoring center on Wednesday Sept. 6 from 6-8pm telling more about her expertise. If parents would like to attend that session please contact me for RSVP.

Hope to see you there

Monica Lin

Parents:

Students will learn math happily and successfully. Parents should encourage students that math is a fun subject. Praise and discipline are useful to make math a subject that is well worth the time it takes to learn. Parents need to be responsible to get students to their lessons on time, and to help young students remember to bring all materials to their lessons (including homework).

Students must be picked up at the scheduled time.

Thank you,

Monica Lin
